February 5, 2026

Dear Friends,

Because of your generosity, Neighborhood Outreach Connection continues to create meaningful change for children, families and individuals across Beaufort County. Your support makes it possible for NOC to grow and expand services where they are needed most.

As NOC enters its 19th year, we're proud to share that our programs grew 12% in 2025, serving over 750 students through afterschool education and enrichment programs. Even more meaningful, 96% of parents actively participate, reinforcing learning and strengthening family engagement. Their involvement shows their trust in NOC and commitment to their children's success.

Your support has helped NOC address health and economic needs in our community. Over 18 years, 3,753 individuals have accessed preventive health care, workshops, and wellness resources, many uninsured or underinsured. NOC's workforce and community development efforts have served 12,997 people, strengthening skills, employment readiness, and economic stability. At the heart of it all, this work brings neighbors together and nurtures a caring, connected community.

As Beaufort County grows, NOC is expanding into more underserved greater Bluffton neighborhoods, giving families greater access to opportunities and pathways out of poverty. We will open a new center in Bluffton in early 2026. Thank you for believing in our mission and for standing with the children and families we serve. Together, we are making a lasting difference and strengthening our community.

We invite you to visit one of NOC's Learning Centers or learn more at www.noc-sc.org, and to follow our work on Facebook at www.facebook.com/neighborhoodoutreachconnection

Sincerely,
Narendra P. Sharma, Ph.D.
