

WAHHI 2026 Grant Update: Mirasol Health

WAHHI awarded a 2026 grant in the amount of \$7,500 to Mirasol Health in support of their Empowering Caregivers Series.

The Mirasol Health team is in the final stages of planning the second annual series, which will begin in September. They have designed a series more ambitious than last year's inaugural series, which will be held in Beaufort and Jasper counties, ensuring that WAHHI's support continues to directly benefit caregivers in our local community.

The 2026 WAHHI grant will evolve the series by offering a hybrid format to attract more caregivers. The series will also feature two nationally recognized speakers. This five-part series will provide caregivers with physical resource kits that include handbooks and guides to help them in their journey.

Mirasol Health is deeply grateful to WAHHI for helping make this series possible. It will help local caregivers feel better prepared, less isolated and more confident in caring for both their loved ones and themselves.
